Dear Parents:

June, 2008

During the 2008-09 school year, Lincoln Middle School will continue to utilize the Meal Time software program in the cafeteria. This system requires that meal payments are made in advance. While we prefer families use this option, cash will continue to be accepted for daily purchases. New this school year, lunch deposits may be made online! See reverse side for easy instructions.

Returning students will continue to use their PIN from last year. Students new to Lincoln will be assigned individual, four-digit PIN numbers and will be notified of that new number in writing on their initial account statement. When the PIN is entered into the keypad at the lunch counter, all lunch purchases are deducted directly from the student's account. The student's name and photograph are displayed on the terminal to assist in eliminating the misuse of PIN numbers.

- Please place your payment in an envelope marked "Meal Time Lunch Payment" and return it with the bottom portion of this page.
- If you wish to block ala carte purchases or place a "Daily Purchase Limit" on your student's account, you must include a signed note indicating your request.
